Sera-Brynn is a top-ranked, world-renowned cybersecurity firm that specializes in cyber risk management, regulatory compliance, and cyber incident response. Our analysts and engineers help organizations protect their cyber infrastructure and data.

ABOUT US

Founded in 2011 by former members of the U.S. intelligence community, Sera-Brynn's highly-experienced and professional staff includes:

- › Military Intelligence Officers
- › Security Engineers
- › Cryptologists
- › Navy Validator
- › DSS Counter Intelligence
- › Special Operations
- › Regulatory Attorney

WHAT MAKES US DIFFERENT?

- › Our FedRAMP 3PAO status.
- › Our Payment Card Industry (PCI) Qualified Security Assessor (QSA) credentials.
- › We are pure-play certified cybersecurity auditors. We are not IT providers or technology resellers.
- › As the only cybersecurity firm in North America directly partnered with a multi-billion-dollar financial institution, we are financially stable. We know cybersecurity for the financial industry.
- › Our reputation in Higher Education. We are the cybersecurity assessor for top-tier national universities.
- › We help evolve cybersecurity programs -- without increasing staff and without unnecessary technology investments.
- › Risk Transfer. By relying on us, organizations reduce cyber risk.
- › Competitive rates. Our Suffolk, Virginia location gives us access to military-connected cyber talent and allows us to provide exemplary services on a very competitive basis.
